CodeChef [Profile LINK](#)

LANGUAGES

Native: Bengali

Professional: English

Others: Hindi/Urdu (Speaking & Listening)

ABOUT ME

I am a final semester Computer Science and Engineering student at Rajshahi University of Engineering & Technology, concurrently working as a software engineer. Proficient in developing responsive full-stack websites using React.js, Redux.js, and Node.js with MongoDB, and also well-versed in Laravel. Additionally, I'm actively involved in machine learning, deep learning, and natural language processing projects using Python, igniting my passion for data science.

EXPERIENCE

Web Developer Intern | Qubitech Solutions

May 2022 – November 2022

Rajshahi, Bangladesh

- In this period I collaborated with my team to develop a web application.

PROJECTS

Project 1 | Frontend | Backend | Live Site

- Title : Creative Agency
- Technology : React, Node , Express, MongoDB

Project 2 | Repository | Live Site

- Title : GymMaster - Your Ultimate Fitness Destination
- Technology : React, Node , Express, MongoDB

Project 3 | Frontend | Backend | Live Site

- Title : DoctorEase Appointments
- Technology : React, Node , Express, MongoDB

Project 4 | Repository

- Title : Online Course Management (Implementation of advance redux and redux-toolkit)
- Technology : React, Redux, JSON Web Server
